

Penobscot Fly Fishers NEWSLETTER

WIND KNOTS JANUARY 2006

Don Corey
President

As the song goes, all good things must come to an end. So does Ed Bruno's tenure as Head Guide for the Penobscot Fly Fishers. I want to extend my thanks on behalf of the club to Ed for the great job he has done over the past few years navigating the PFF ship to where we are today. I am confident that with the help of the many club members that donate their time and talent we will continue to grow and develop as a club.

We have numerous activities in the upcoming months. Please participate in the events that interest you. One of the many assets of our club is our members' willingness to help with club programs. Our members are what make this club a huge success! I look forward to seeing you over the upcoming year!

Beginners Fly Tying

The beginners fly tying class held in conjunction with the Bangor Parks and Recreation Department will begin on Thursday, January 5, 2006 from 6 to 8:30 pm. The fee for the class is \$30 and there are still a few open seats available. The club provides all the materials, equipment and teachers. If you are interested in taking the course please contact Don Corey at don@annikarodandfly.com or 843-5634 for details.

Instructors are also needed to help with with the course. Please be advised that you only need to know a little more than the students to be an instructor. We have a great time and the cookies are wonderful. Please contact Don if you are able to help at all the classes or just a few.

Cabin Fever Reliever

The second annual Cabin Fever Reliever show will

be held on Saturday, January 28 and Sunday, January 29, 2006 at the Orono/Old Town YWCA. The combination outdoor show and Old Town Canoe sale was a tremendous success last year and this year promises to be even better. There still are a very limited number of tables available. If you know of someone who is interested please contact Ernie MacDonald 825-3788 or John Lent at 945-3809. You can visit the show website for more information and a listing of exhibitors and speakers. We will need Club members' help setting up Friday afternoon, during the Symposium Saturday and Sunday and also at the conclusion of the program.
